THE POETRY OF LIVING

OUR HIGH SCHOOL DAYS ARE ONLY ONE VERSE IN THE POETRY OF LIVING. WE MAY FILL OUR VERSE WITH

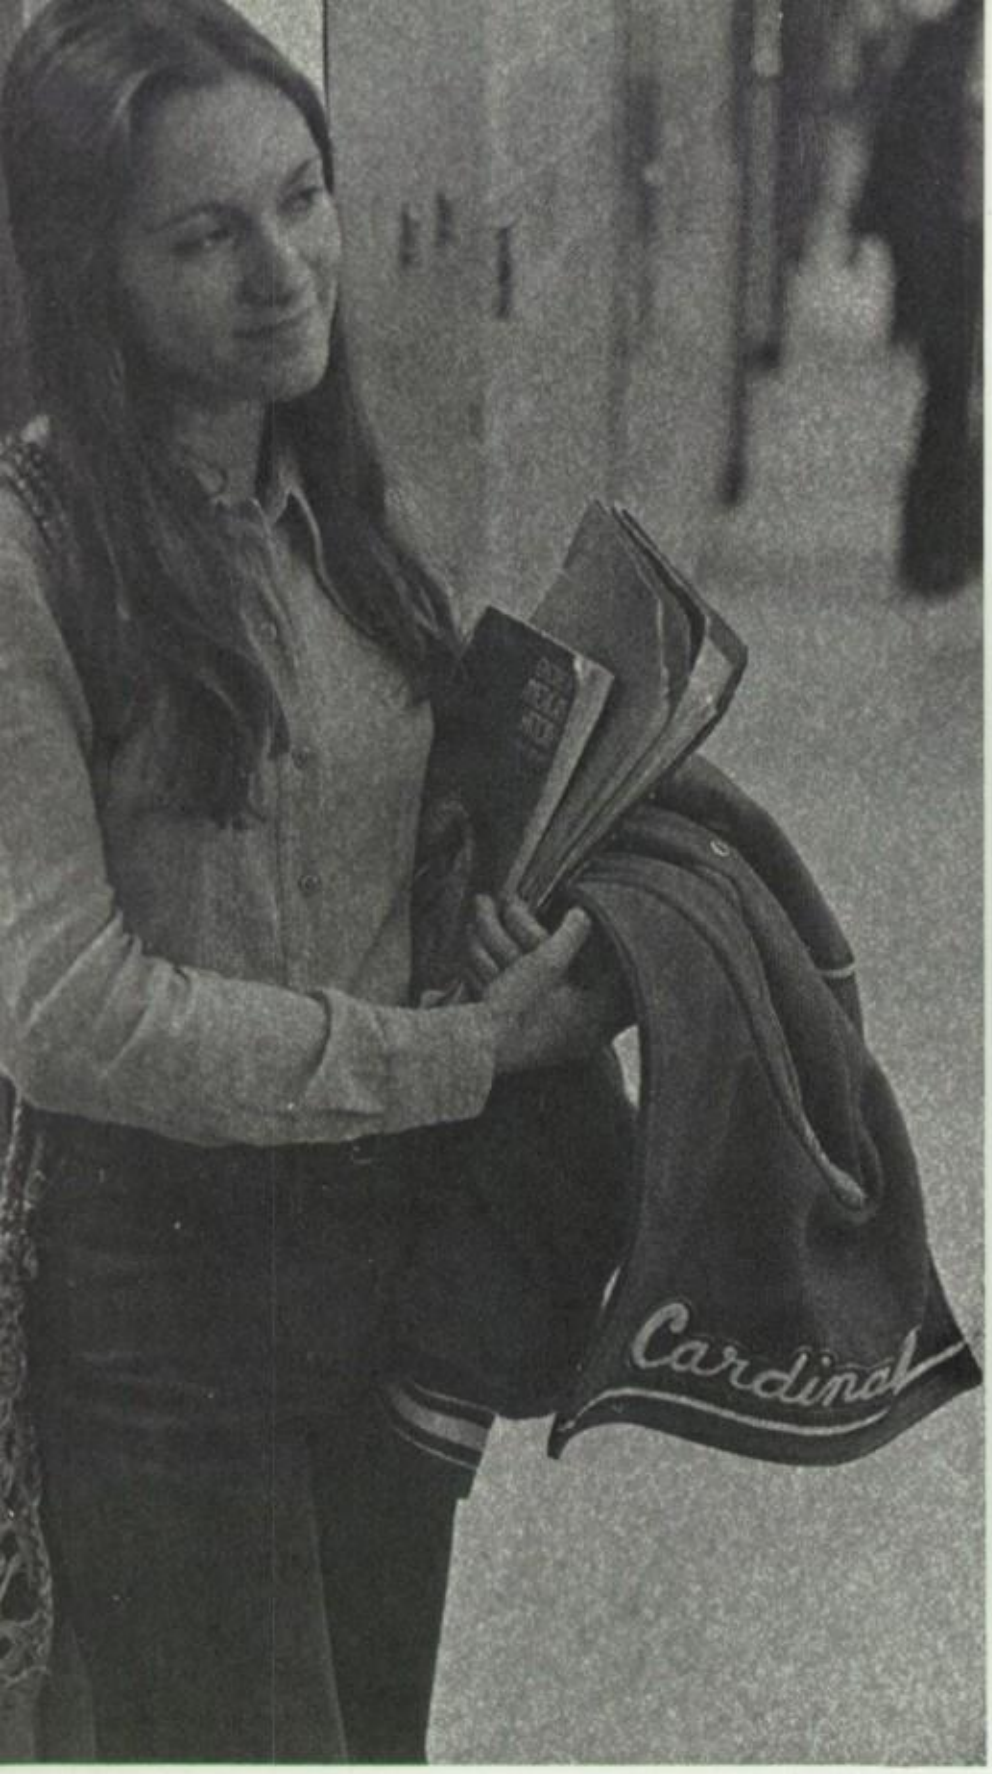
"light and laughter,
and love ever after."

OR WE MAY FILL THEM . . .

"full of sound and fury
signifying nothing"

THE CHOICE IS OURS, BUT . . .

When that one great Scorer comes
To write against your name,
He writes not that you won or lost,
But how you played the game.



DOES ANYONE CARE

Does anyone care when I am sad?
Does anyone care when I am mad?
Does anyone care when I'm in love?
Does anyone care what I'm thinking of?
Does anyone care when I say
"Nobody needs me. Why should I stay?"
Does anyone care whatever I do?
Does anyone care when I'm feeling blue?
Does anyone care if I'm above or below?
Does anyone care if I stay or go?
Does anyone care when I say I need you?
Does anyone care when you need me too?
When self-doubt besets me and fills me with fear
I find you beside me and I'm happy I'm here.

i'm walking down
a very dim path
i see my world
cut plainly in half
who am i
where am i
i don't even know
i'm listening and looking
my footsteps are slow
what is my life
where am i headed
my heart is unknowing
what do i want
what can life give me
a challenge
some wisdom
a spirit to lift me
i need some help
the world's on my shoulders
it's my generation
we've got to be bolder
be creative inventive
do something right now
don't sit and ponder
it can't be allowed
you're very important
it's very true
you've got it all
besides i am you

It's been a long and winding road that we've traveled through our four years of high school, but our last year has been the best of all. How triumphant we felt when our Homecoming float won first place for the fourth year, and how excited we were as we left for Washington D.C. and New York City on the class trip. Now, as graduation nears, some of us are overjoyed at the thought of finally getting out of here, but there are also those who are actually a little sad. We've all lived one poem of our life together, and although our next stanzas will be apart, we'll never forget the importance of what we have done here.

NO MAN IS AN ISLAND
NONE CAN GO HIS WAY ALONE
ALL THAT WE PUT INTO THE LIVES
OF OTHERS
COMES BACK INTO OUR OWN.

No man in this community put more into the lives of others than Dr. Melvin W. Stuessy. He brought many of us into the world, and comforted our departing hours.

In pain and illness we turned to him. But we also turned to him in joy, for he was more than our doctor. He was also our friend. His many years on the school board and the interest he took in us and in our efforts contributed significantly to our lives.

No man is an island even in death. In us he remains. What he is is part of us and we are better because of him.

Who would have believed it would take such a short time to live the poem of high school. With just one more chorus to go, we're trying to put a lot into this verse. Prom was hard work, but it was fun, and our candle sale added a little to our treasury. We can see already how this poem will finish on graduation day, but when we look a little further, we wonder what kind of rhythm will be our future?

When the days look dim and dark
And all the world is blank and stark
I laugh as I again remark
Those happy Sophomore days.

Days that were filled with fun and bliss
Even an occasional stolen kiss
From some bright- eyed pretty miss
Back in my Sophomore days.

Days that were filled with books and work
And assignments which I'd sometimes shirk —
Which was a typical student quirk —
In those wonderful Sophomore days.

Now those days have all gone past
Like all good things they could not last
But they live in memories grasp —
Those good old Sophomore days.

FRESHMEN

When we began our first year of high school, we didn't expect to be living a poem, but we soon discovered that there is, in fact, poetry in everything —even high school! Our first verse was mainly learning how to fit ourselves into the poem of the rest of the school, but we found time to really put ourselves into homecoming, and we even handled the basketball concession stand. We never thought poetry could be so much fun, and already we're looking forward to the second verse!

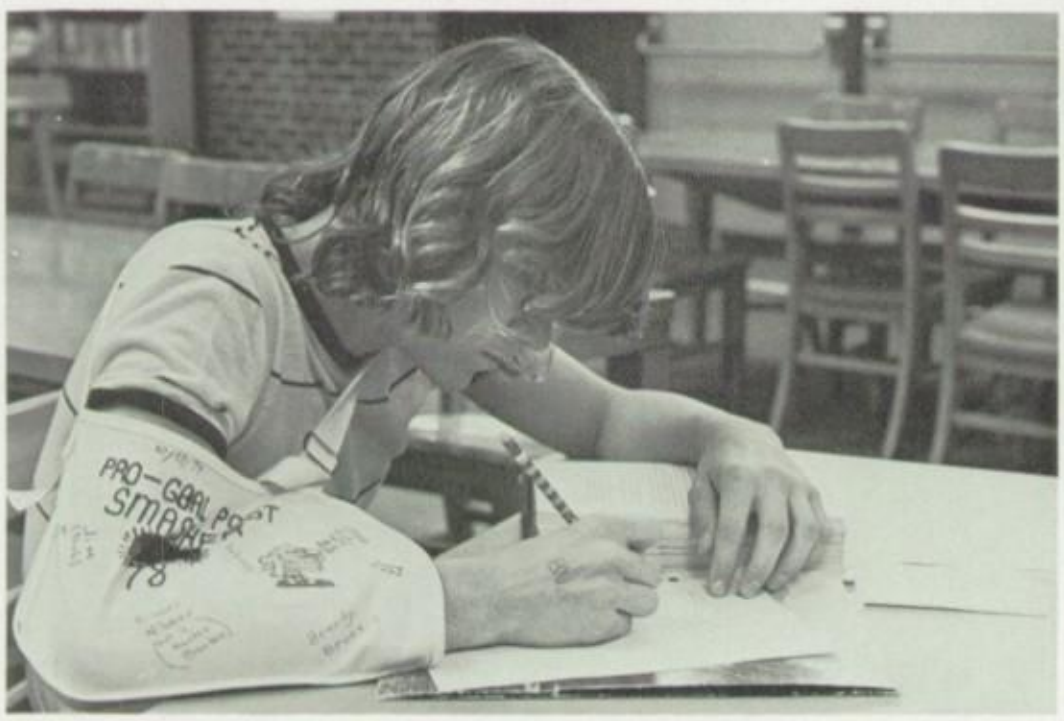
THE FLIGHT OF YOUTH

There are gains for all our losses,
  There are balms for all our pain:
But when youth, the dream, departs,
It takes something from our hearts,
  And it never comes again.

We are stronger, and are better,
  Under manhood's sterner reign
Still we feel that something sweet
Followed youth, with flying feet,
  And will never come again.

Something beautiful is vanished,
  And we sigh for it in vain:
We behold it everywhere,
On the earth, and in the air,
  But never comes again.

R. H. Stoddard



A NEW POEM

FRESHMEN

MY FRESHMEN YEAR

Being a Freshman
is hard at first,
But after a while
You get over the worst.

You're no longer frightened,
no longer have fear
When some upperclassman
says
"Hey kid come here!".

You go through the year
trying to be cunning and wise,
trying to look equal
in upperclassmen's eyes.

Don't be disappointed
if your year goes by fast
There's three more left —
only one year has passed!

ORGANIZATIONS

RED B

Though beset with financial problems due to increased production costs and a book larger by 24 pages due to the increase in student population, the yearbook staff managed to meet most of its deadlines with promptness. A yearbook is always a challange for the students who work on it, but with challange we grow. The staff grew a lot this year.

AFS STUDENT

Coming in a petit package from Australia, was our 1974-75 AFS student, Jennifer Bullen. Making her home with the Kenneth Hosely family, Jenny gave a knowledge of Australia to the people of Brodhead through her talks and presentations. Jenny never lost her accent, but one could tell that she had become an active part of our school and community. Though the time for her departure is nearing, we shall never forget Jenny's smile and warmth, and we hope that in the future we shall be able to stay in contact with our petit package from Australia.

AFS CLUB

The AFS club started out the year with their annual pizza sale. The club had an AFS weekend, January 10-12. There were nine AFS students from other schools and their AFS brothers and sisters invited. The AFS club would like to thank Mrs. Baker, their new faculty advisor, for helping them to make the year a successful one.

FRENCH CLUB

The french club was very active this year in their fund raising. The juniors and seniors dined out at the Ovens of Brittany, an elegant restaurant in Madison. Plans are being discussed for some of the french students to spend the month of July in France with a french club from Beloit.

LATIN, LIBRARY, & CHESS CLUBS

LATIN CLUB

Though the Latin Club is one of the smaller organizations in BHS, its enthusiasm is as big as the biggest. The Latin Club skit at homecoming was well conceived and presented and club members involved themselves in several other activities.

SEATED (Left to Right): S. Becker, D. Cooley, J. Weihmer, H. Searles, B. Weihmer, D. Kitchen, D. Schlegel STANDING: J. Mattison, L. Kletzien, B. Wellnitz, D. Hintzman, Mrs. Condon.

LIBRARY CLUB

For the first time this year, the members of the Library Club received academic credit for the work they perform for the school and for the effort put into learning the specialized functions of the library.

Library work demands considerable skill at organization, a keen memory and precise recall.

LEFT TO RIGHT: S. Gissing, C. Marsh, J. Hodgson, E. Caple, G. Christianson, S. Artlip, S. Walters, M. Becherer, V. Faessler, Mrs. Condon.

CHESS CLUB

Considerable intelligence of the order that permits long range planning is one of the necessary skills to successful chess. The same order of intelligence seems to be one of the ingredients necessary to success in life. Pershaps this is one of the reasons of chess.

SEATED (Left to Right): B. Wellnitz, K. Exum, D. Nemitz, R. Menzel STANDING: Mr. Mueller, M. Meichtry, R. Patterman, J. Swain, G. Patterman.

AQUARIUS AND AVY

AQUARIUS CLUB

The functions of the Aquarius Club center around an interest in the breeding and rearing of tropical fish. Perhaps the fascination of the project lies in the small touch of the lush tropics which the fish provide in our sometimes frigid Wisconsin surroundings. But, the vivid coloring, unique shapes, and peculiar habits of some species also provide much fascination.

TOP GROUP PHOTO (Left to Right) : D. Cooley, E. Mikkelson, W. Lederman, R. Becker, R. Hauser, L. Crum, T. Lee.

AVY CLUB

The AVY Club grows larger each year in size and complexity. Members must assume responsibility for learning how to operate and solve simple trouble solving procedures in increasingly more difficult situations. This school year the high school added sophisticated TV recording and playback equipment, and a quantity of additional standard equipment for which the club assumed the responsibility for placing in the right place at the right time in proper operating order.

THESPIANS & FORENSICS

FORENSICS

Forensics is an exciting and educational organization. As you look down its ranks, you might be seeing a future actor, orator, speech writer, or politician since forensics can be the training ground for these occupations. Our Forensics team also serves as a good representative of our student body.

THESPIANS

The Thespians made a grand reentry into student activities, under the direction of Mr. Searles. The Thespians performed a series of one act plays and skits in the spring. Their interest and talent should help to make this one of the best clubs in this school's long history of great Thespians.

TOP TO BOTTOM: T. Fricke, M. Huntley, C. Milks, C. Carson, R. Zettle, S. Johnson, D. Pawlisch, M. Ripp, D. Cooley, T. Lee, S. Morgan, W. Pinnow, S. Strelow, P. Haraldson, L. Bogden.

STUDENT COUNCIL

The Student Council continued to play a role of increasing importance in our school during the 74-75 year. Its importance as a policy implementing and decision making group grew. The council also involved itself in fund raising activities with its candy and soft drink machines. The council donated $500.00 to this issue of the Red B to help keep the book price down in the face of rapidly rising publication costs. The council also continued its policy of underwriting the cost of student busses to sports events.

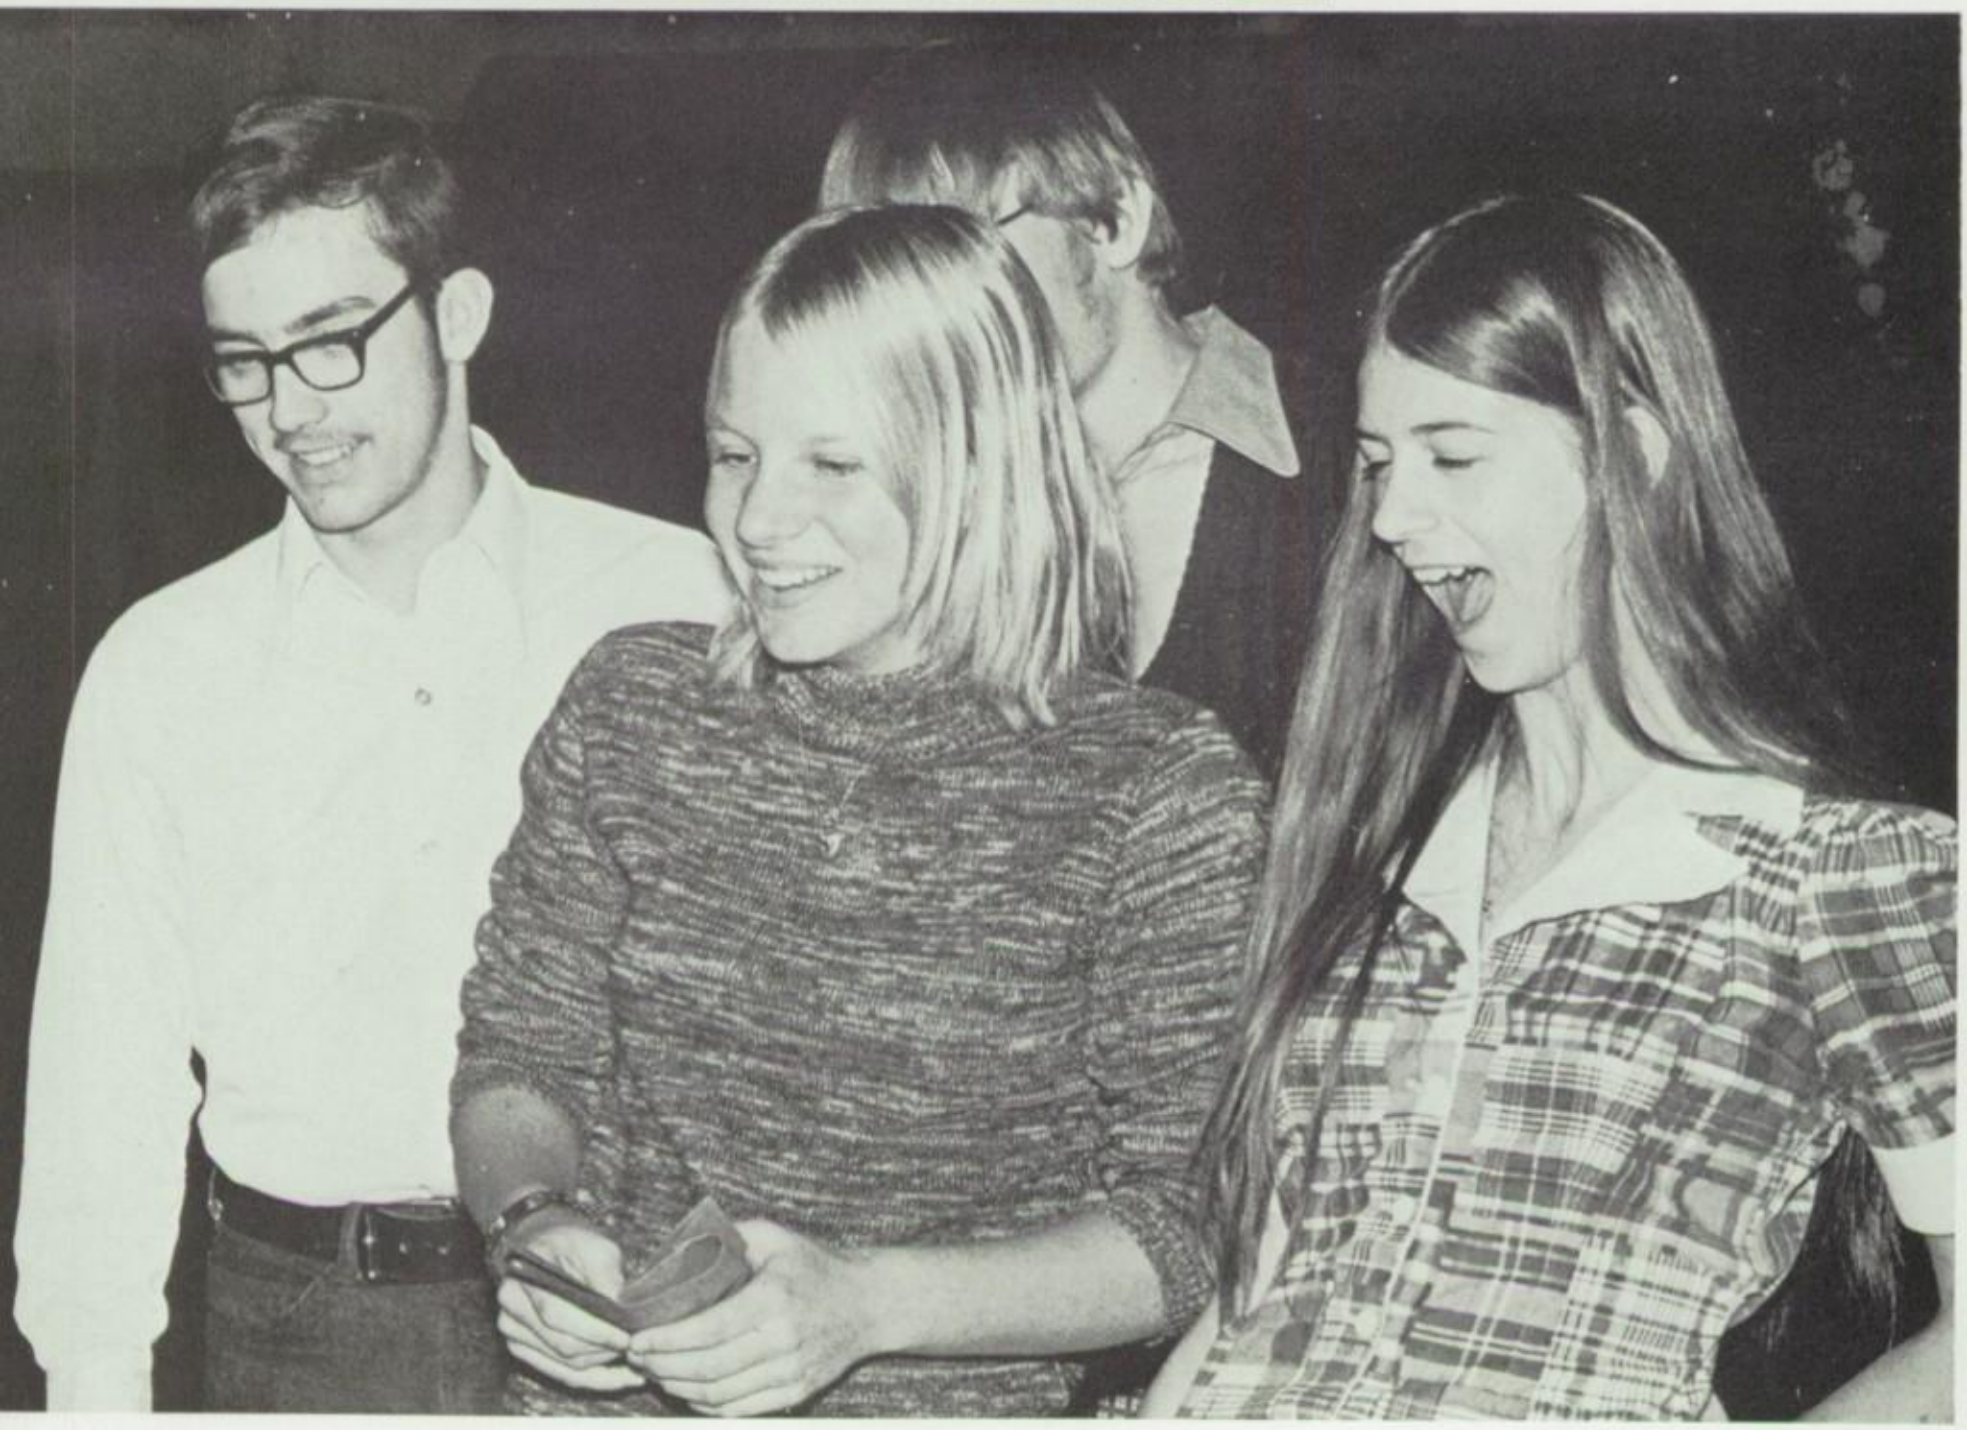
STUDENT COUNCIL

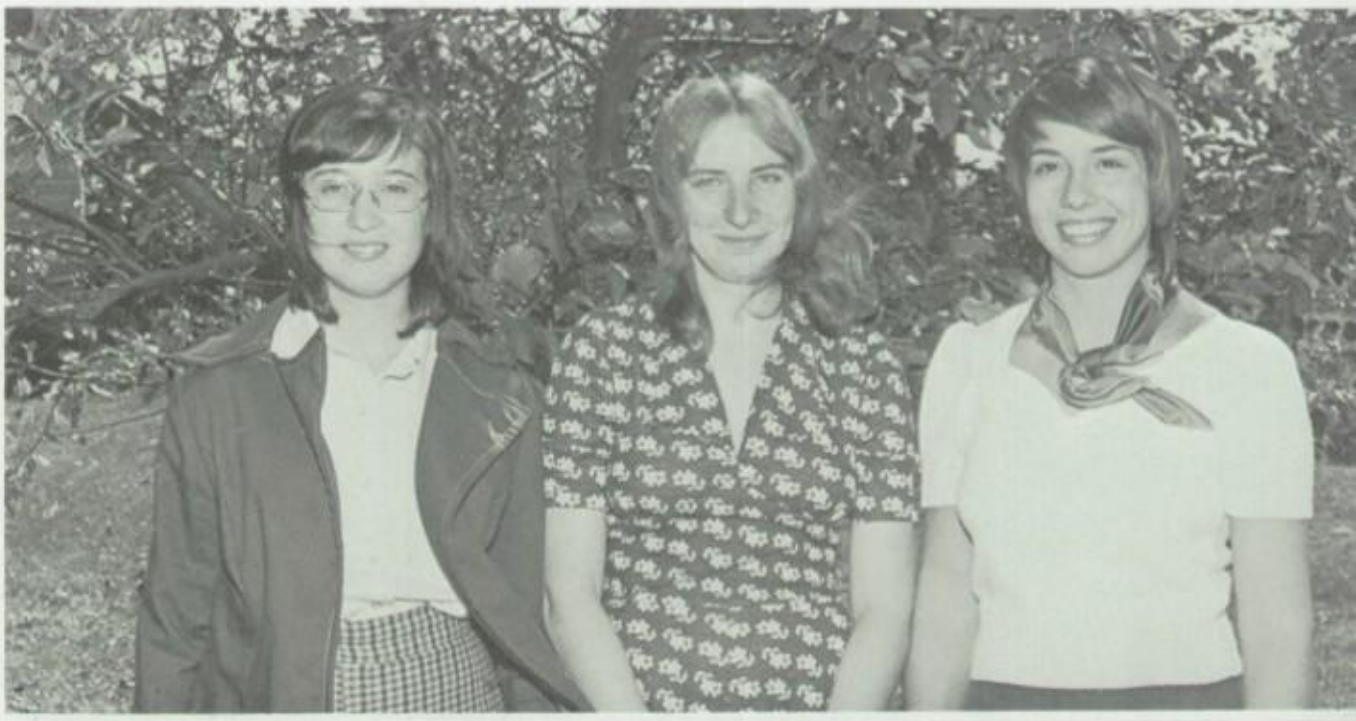
This year the Student Council has played a major role in communications between administration and the student body. The size of our student body has increased and so has the importance of our Student Council.



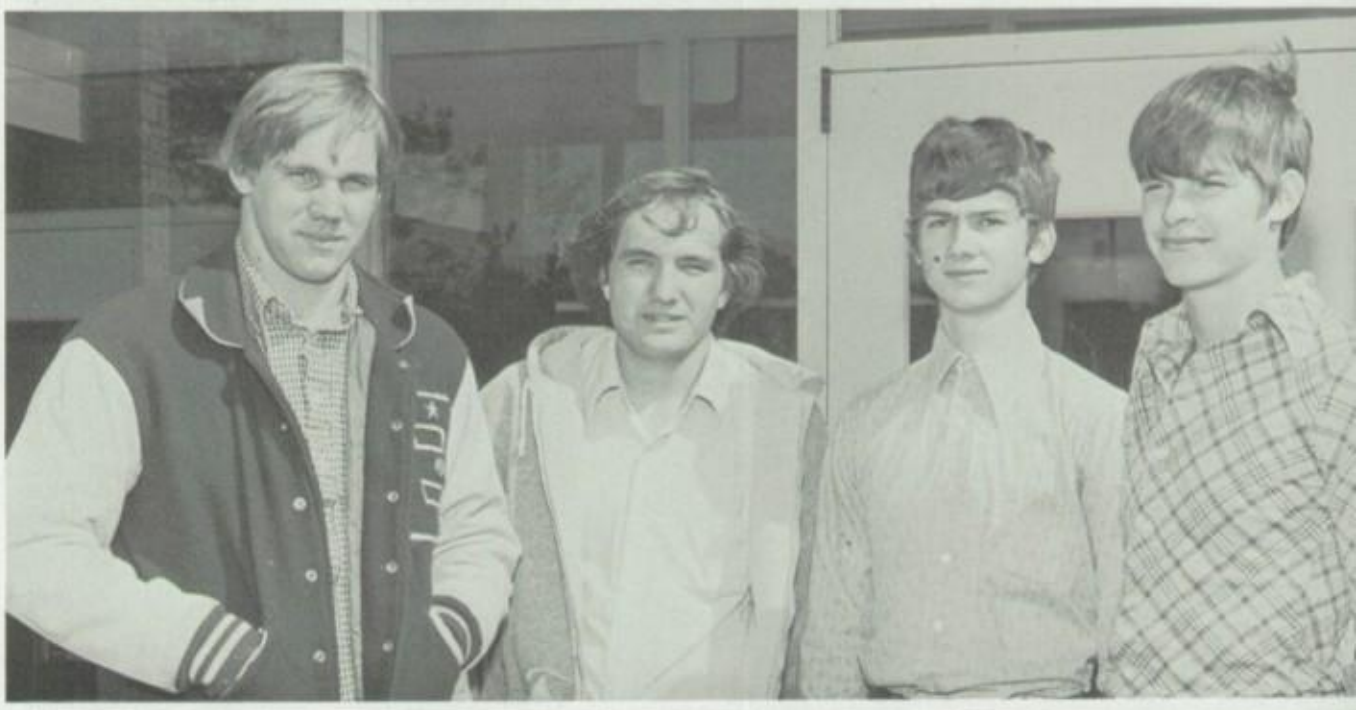
BADGER STATE & NTL HONOR SOCIETY

BADGER STATE

Attending Badger State gives students a chance to actually participate in the running of society, and handling of governmental problems. Being able to see the inside workings of a democracy is a profitable experience. The insights gained through Badger State helps to insure stability in the democratic process in the future.



Left To Right: T. Gerber, W. Pinnow, D. Pawlisch.



Left To Right: T. Selchert, L. Deremo, D. Shimko, G. Earleywine.

NTL HONOR SOCIETY

Membership in the National Honor Society was expanded during this school year as the national governing body decided to make the organization "service" oriented as well as academicly oriented. Each local organization was expected to concern itself with worthwhile community projects. As this section of the Red B went to press the group was considering operating a vision testing program in connection with the local Lions Club.

SEATED (Left to Right): T. Gerber, L. Baker, W. Pinnow, J. Searles, S. Share, C. Carson, J. Nipple STANDING: D. Shimko, D. Pawlisch, D. Thompson, T. Weeden.

WORK STUDY

Along with their regular classes each day, some students also have jobs outside of school that they attend during their free hours. Though that extra money is appreciated, the real value of such an experience is the practice of working in the outside world, and being able to adjust easier to holding a job after graduation. There is also the added responsibility and maturity that is attained . The work study program has grown in size and importance each of the last several years.

LETTER WINNERS

Letter winners have proven that they have the competitive spirit that helps equip individuals to face economic, social and personal challanges in life outside school. The cooperation and teamwork, plus the individual effort needed to win for team and school, also helps make of that person a winner in the game of life.

GAA

The Girl's Athletic Association continued to provide the thrills of intermural competition in basketball, volleyball, baseball and other sports for BHS girls. It provided competition for girls who are not in conference sports and also an extra margin of fun for all girls.

DANCE BAND

The Dance Band, which worked extra hard this year, had their own concert. They worked on concert music, contest music, and their individual solos, but the Dance Band could not have been successful without the excellent direction of Mr. John Stafeil.

FUTURE FARMERS OF AMERICA

"Let us never forget that the cultivation of the earth is the most important labor of man."

Daniel Webster

Where would we be without the Future Farmers of America? Although many non-members seem to think that farmers are second-class citizens, they should realize that the tilling of the soil is about the only thing that is sure to be necessary for the future. It's about time we show our appreciation!

FUTURE HOMEMAKERS OF AMERICA

According to Edgar A. Guest, a noted twentieth century poet, "It takes a heap o' living' in a house t' make it home, " and this is what the girls in the Future Homemakers of America are striving for. Even though there were a few mishaps during the Christmas cake sale, most other activities were successful, and no doubt those "future husbands of America" will attest to this!

BAND

Mr. Stafeil has worked well with the students in the past two years. He has helped the band have more enthusiasm in their activities through the year. The band has put on many excellent marching performances and concerts for the enjoyment of the public. Under Mr. Stafeil's guidance, some students were honored by being nominated to play in the first All Star Band. We are very proud of them!

CHORUS

Proving to be as talented as ever, the Brodhead High School Chorus sang their way to another successful year. First in their series of showings was the musical "My Fair Lady." Under the professional direction of Miss Preston and Miss Carman, the members of the chorus certainly outdid themselves. After singing in three concerts and participating in the choral contest, the chorus proved to be a hard working group, and we are anticipating great achievements from this group in the future.

DRILL TEAM

Colorful demonstrations of precision and dexterity are the specialty of the drill team. These eight girls earned the respect and appreciation of football and basketball fans with their drill and flag exercises. The spectators, tho, see only the end results. Like every organized activity the squad members spend endless hours practicing to bring themselves to the state of polish which a show demands.

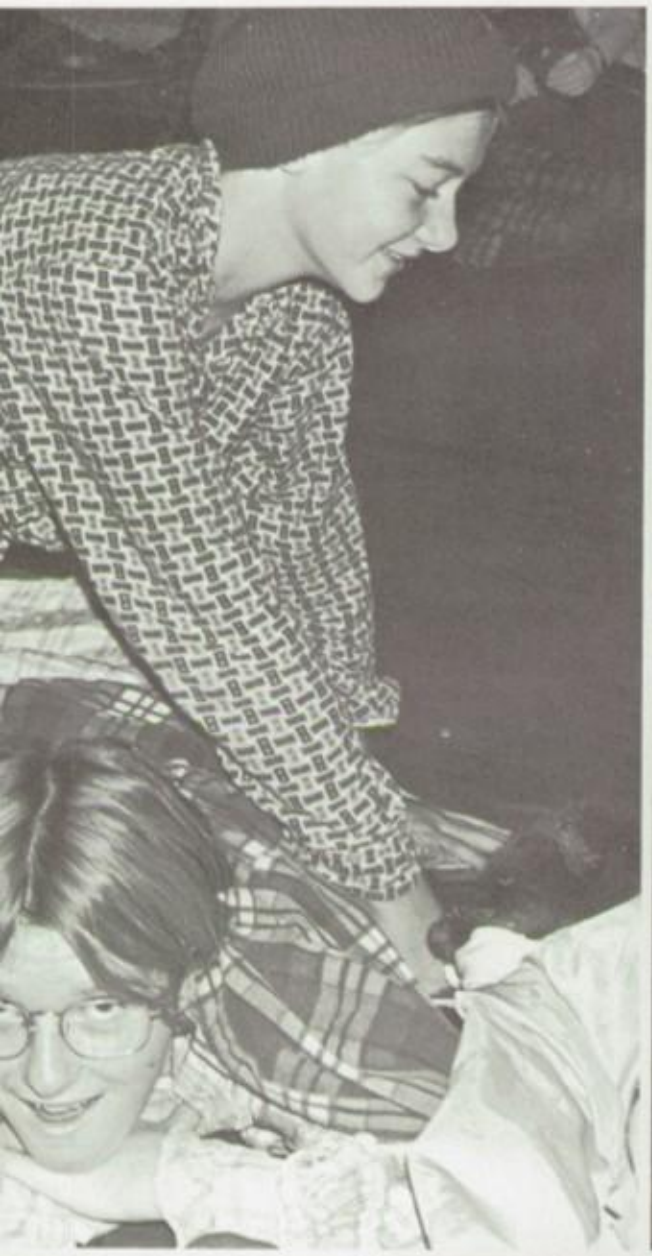
ACTIVITIES



Happiness Is . . .

You always hear the Happiness Is . . . line. But what is It? Does any one really know? Is it the kind of happiness between two friends? The kind you feel when you ' ve helped someone or know that you've really accomplished something terrific? Or the kind you feel when you see your baby for the first time? I guess its all of those things but, I'm talking about the happiness you feel for yourself. Sound funny? Maybe, but there is such a thing. You ask me what it is, I don't know, its just one of those wonderful things. The happiness that comes from deep down inside you. The happiness of always liking yourself. It takes a long time to like you, and it's hard. The happiness of knowing you've given life everything you've got. And when you've gone—knowing that you won't be easily forgotten.

PROM - 74

STAIRWAY TO HEAVEN

The dancing couples and spectators attending '74 Prom were awed by the sights, the colors, and sounds. The gym was transformed into a fairyland as "Stairway to Heaven" was presented by the Junior Class. Reigned over by King Ed Halloran and Queen Diane Krahenbuhl, a good time was had by all. Following the Prom, everyone gathered out to Bluff View Park to enjoy the finishing touches — Post Prom. All in all, Prom '74 was a success.

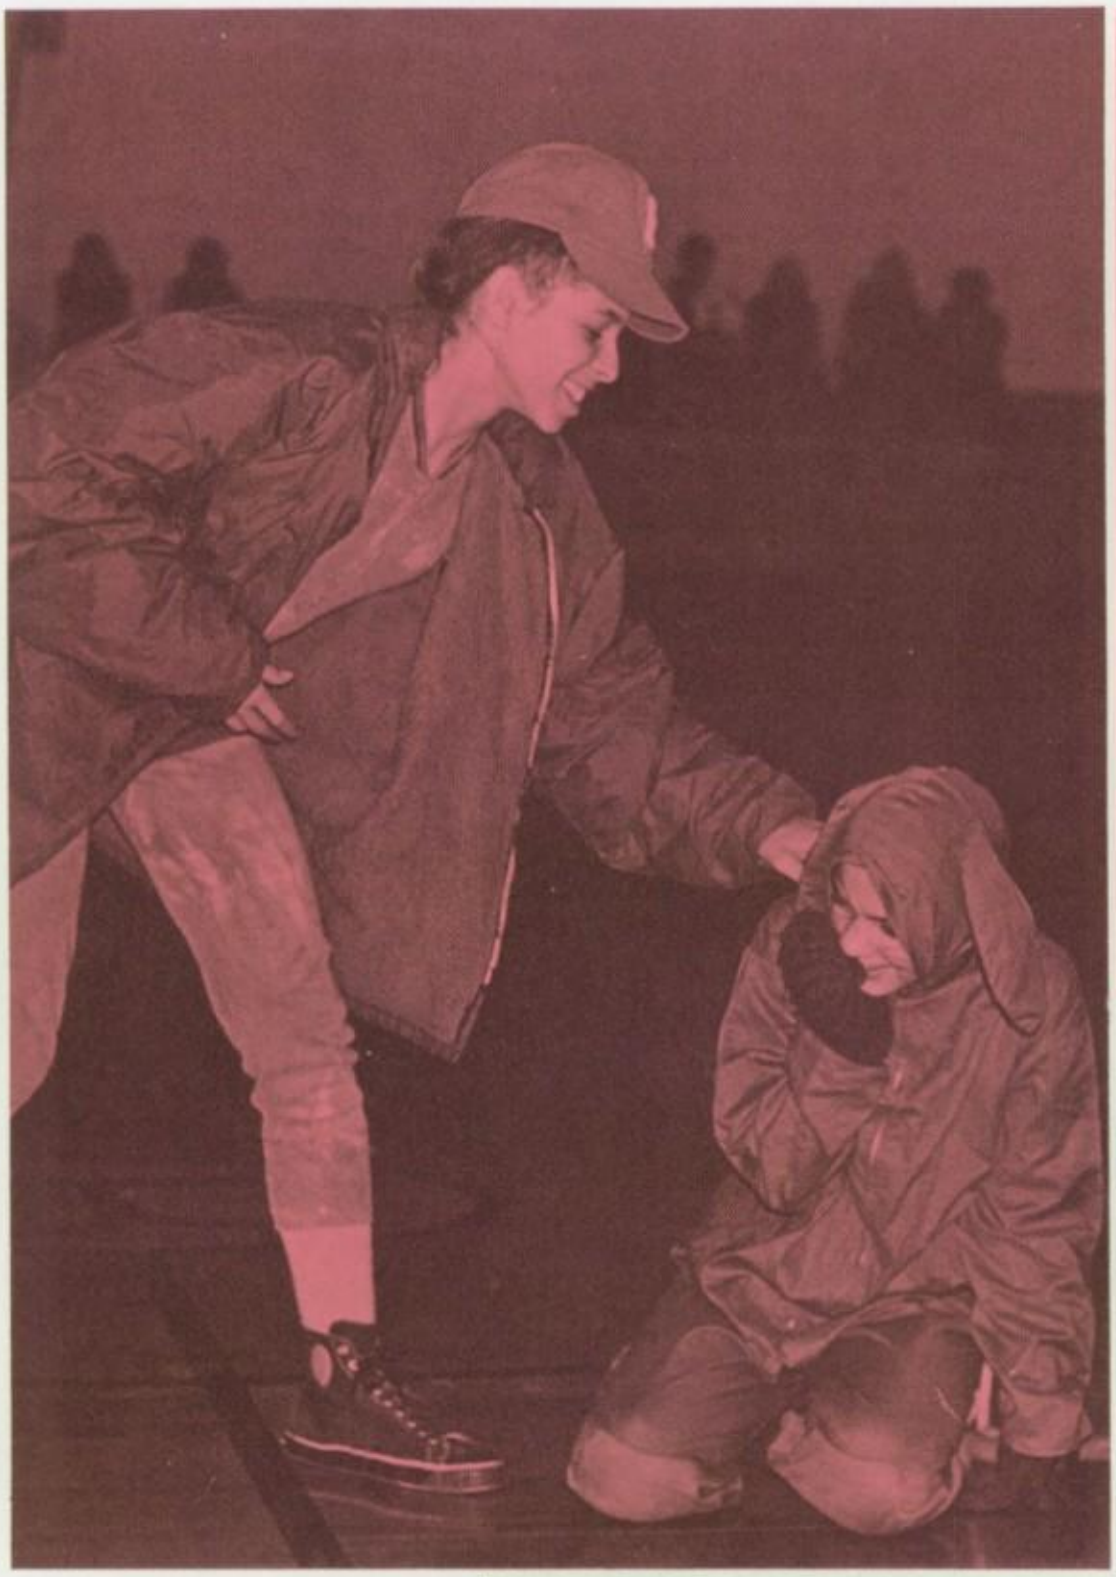
HOMECOMING



SKIT NIGHT

Poking a little fun at our rival an inspiring our own student body an team is the general purpose o homecoming skit night. This yea everybody got in on the act an almost every club and class, includ ing the teachers and boosters, pu on a skit. The freshmen, with thei takeoff on Dr. Suess, "How Th Grinch Stole Homecoming" won th skit competition.

vities as someone, while the crowd
as in the gym enjoying the skits,
ouched off the bonfire. It was almost
ompletely burned out before the
ompletion of the skits. Some placed
he possible blame on our New Glarus
vals. If it is true, it served them poorly
nce the moral of team and students
as raised by the incident and helped
o produce a resounding victory.

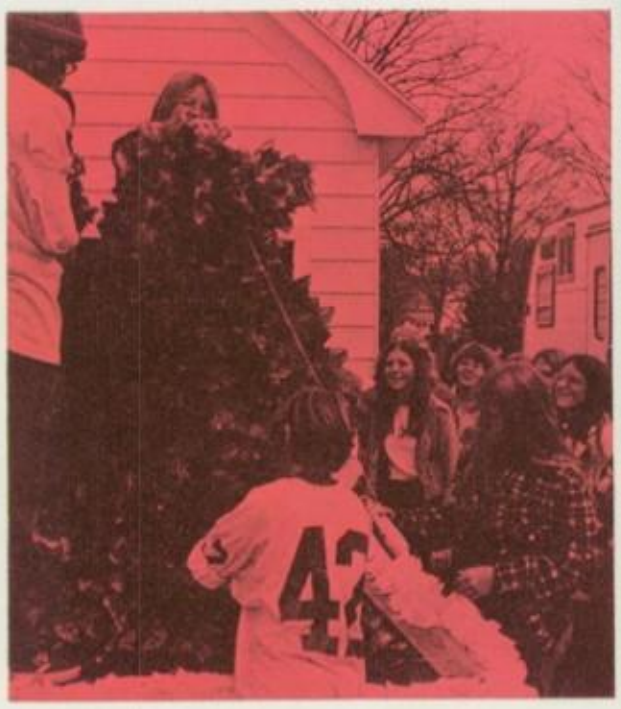
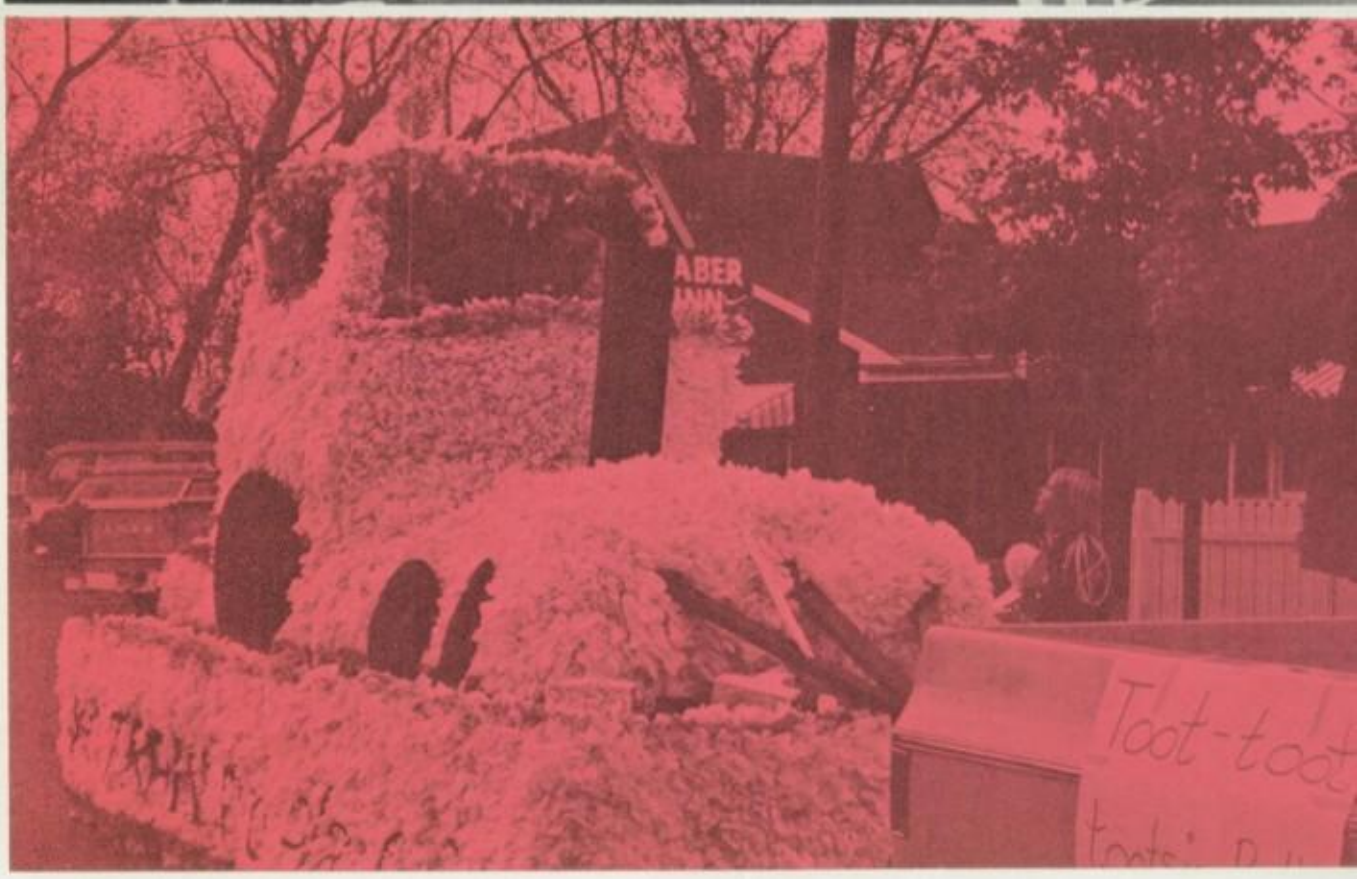
FLOAT BUILDING

There is a certain artistry and sense of composition that goes into the construction of a parade float for homecoming. It must fit the general theme of homecoming, and it's colors reflect and harmonize with our school colors and the colors of our rival. Each class felt this keenly this year and put a lot of thought and labor into their construction. The seniors, with their float, "Pinnochio Nose We'll Have a Whale of a Victory", won the competition, with the juniors right behind.





HOMECOMING

THE PARADE

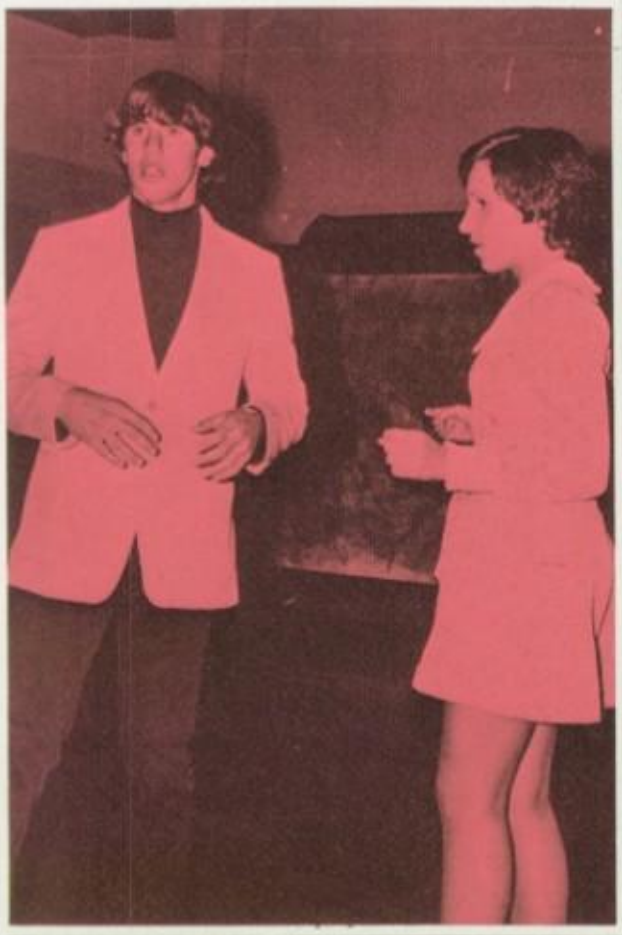
The parade is the showplace for all the labor and imagination that goes into float construction. It's the one big opportunity of the year for a large number of students to demonstrate their talents in a competition. Each class tries to maintain a degree of secrecy during construction in an effort to surprise other classes and the towns people with the beauty and originality of its float.

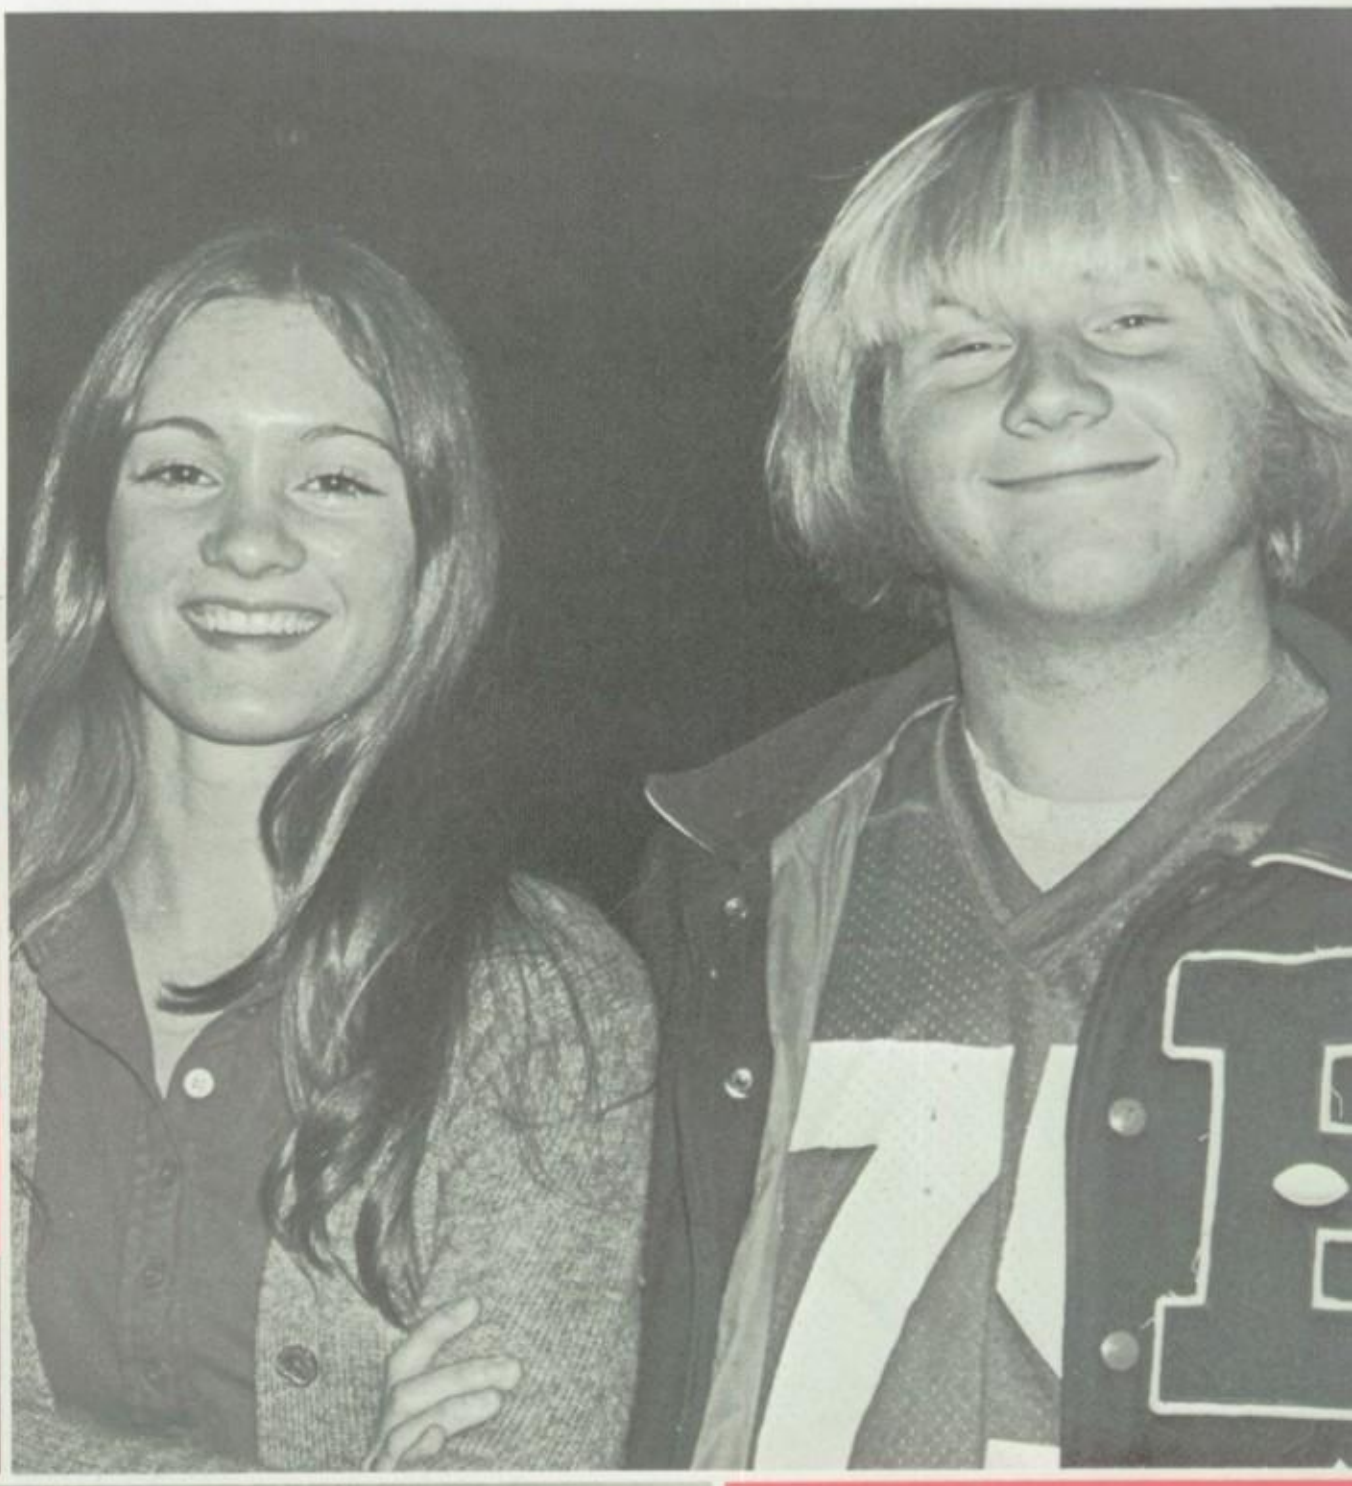
Winning the float competition is a matter of considerable personal and class pride and something to be long remembered.

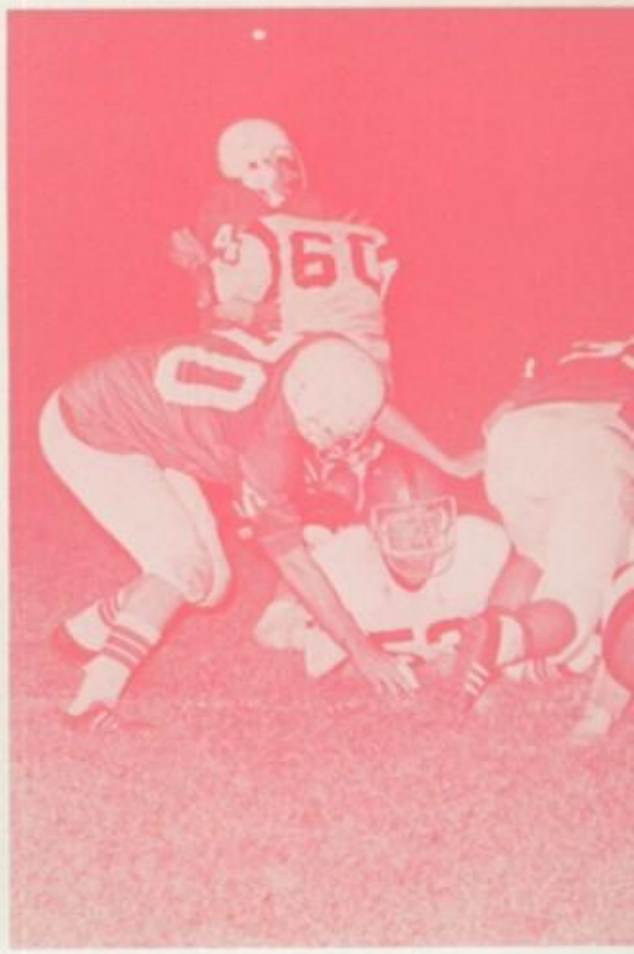
HOMECOMING

DANCE

Crowning the homecoming events was the Saturday night dance presided over by Queen Diane Krahenbuhl and King Ed Halloran. The pagentry, music and color of the dance was a fitting conclusion to a very successful parade, game and night of skits.



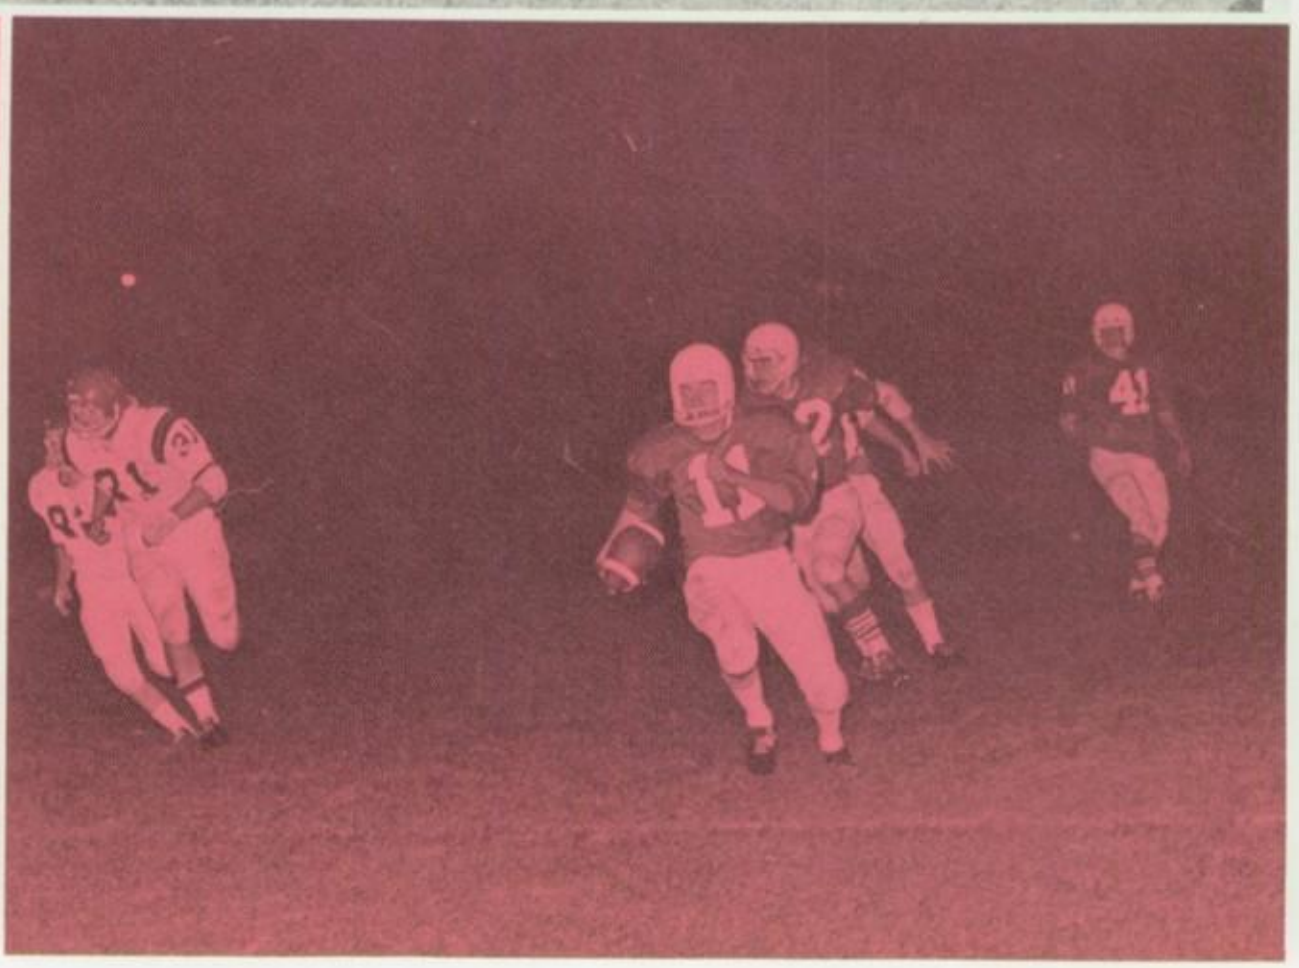




HOMECOMING

FOOTBALL

Our team provided an accent to the rhythm of homecoming activities by beating the New Glarus Knights by a score of 36- 6.



MY FAIR LADY

"My Fair Lady" is the Lehner and Lowe musical adaption of George Bernard Shaw's "Pygmalion." Both play and musical retell an old Greek myth about a person who falls in love with his own creation. In the musical Prof. Henry Higgins (played at BHS by Darl Shimko) creates a "duchess" out of a bedraggled guttersnipe Eliza Doolittle (Connie Milks) by training her to have an excellent command of the English language. Our production over came several difficulties in the form of severe injuries to the cast members — but finally came off with the color and spectacle that a musical demands.

MY FAIR LADY

I could have danced all night
I could have danced all night
And still have begged for more
I could have spread my wings
and done a thousand things
I've never done before.

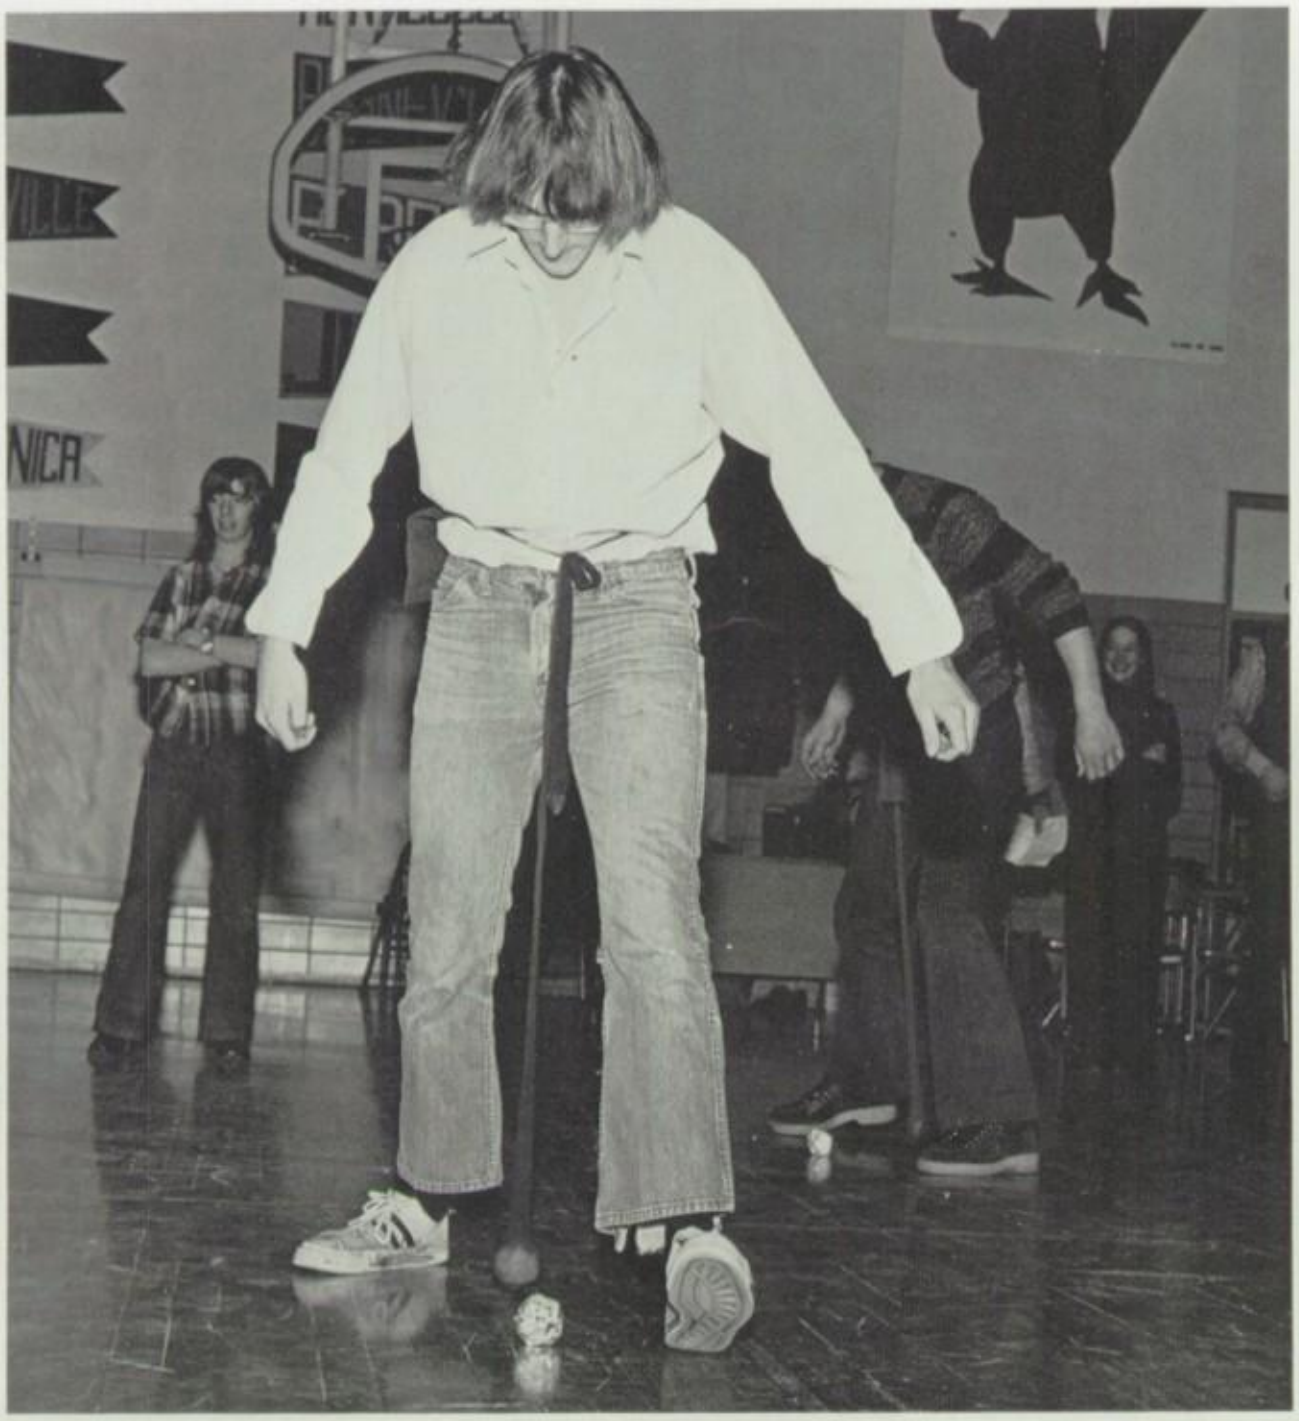
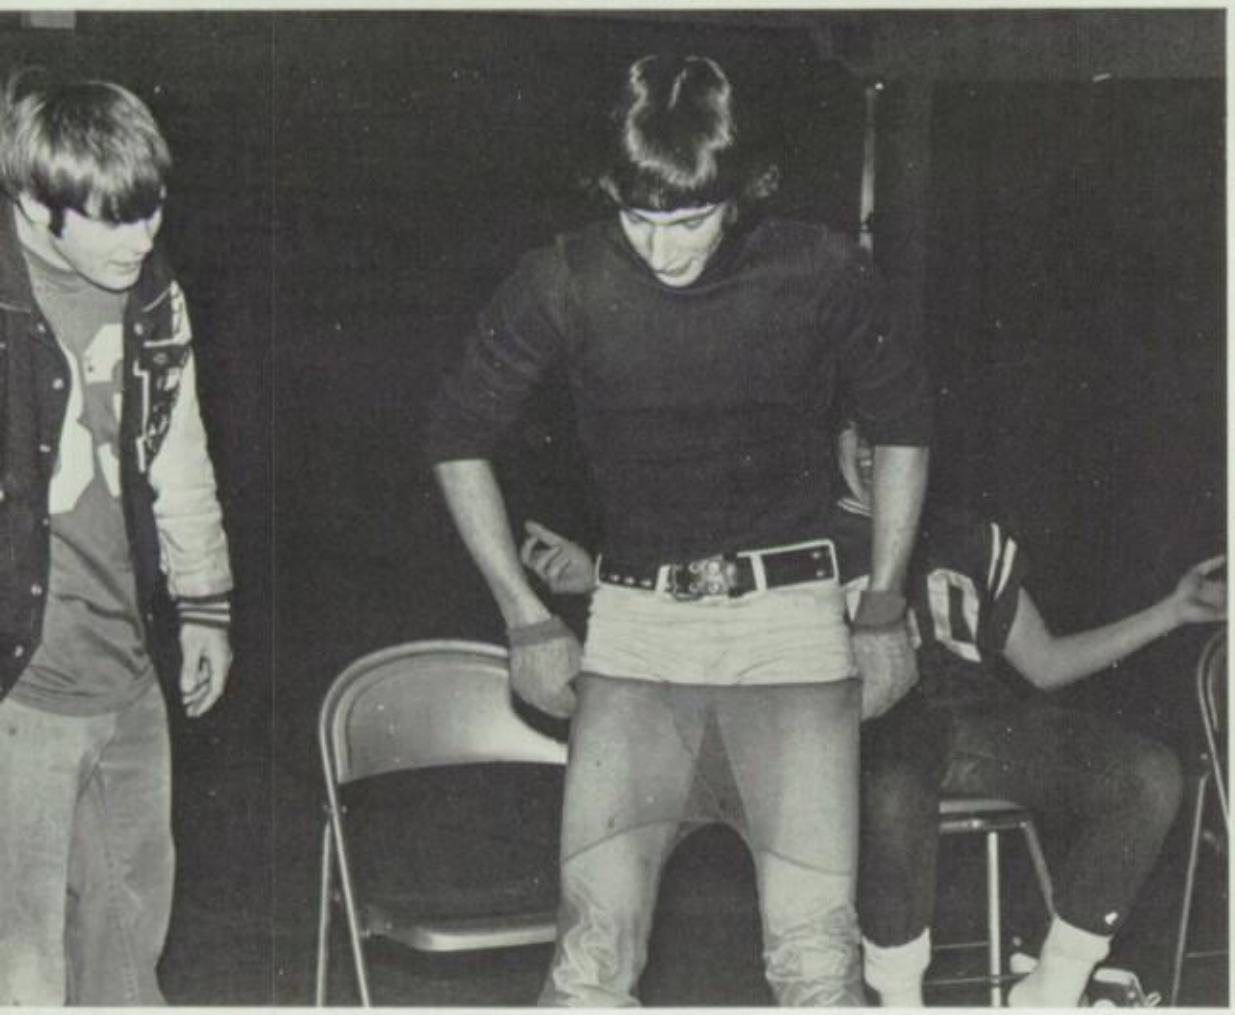
CHRISTMAS PARTY



This year's xmas party was one we will always remember. We had skits, letters to Santa, games, the gifts to our AFS student, Jennifer Bullen, and instead of the usual gift exchange, we had a collection for a child overseas. But, the fun and joy we had was hard to describe other than in a poem . . .



CHRISTMAS PARTY

The fun and joy, laughs and cheer
Are heard through the school but once a year.
This time is the Christmas season
When people give gifts for one reason,
The joy of giving.

SNOWBALL

Wisconsin winters can get pretty cold, and usually the only people who appreciate that wonderful snow that comes with them are the snowmobilers. But there are other people who honor the snow . . . namely the FHA and FFA organizations, when they hold the annual Snowball dance. This year, February 1st was the date of the big event, and everyone who attended was awed by the sight of the gym transformed by seemingly hundreds of snowflakes. Isn't it too bad that snow isn't always that fun?

GIRLS TRACK

After many long hours of hard and tough practice, the BHS girls track team finished with a season of balanced wins and losses. At the regional meet which was held here, Brodhead placed fifth out of fifteen schools, but competition was stiff. Traveling to the Sectionals at Prairie du Chien were Cathy Homb, Gerry Sullivan, and one relay team. All in all, the team is proud of their efforts!

BOYS TRACK

With a young track team in 1974, Brodhead did not perform spectacularly as a whole in their triangular and quandrangular competitions, but many outstanding individual performances were turned in. Opponents at the conference meet were probably shocked when Brodhead took second place, but the team definitely earned it. Second place regional honors were also won by our track and field men.

GOLF & BASEBALL

GOLF

Coach Jeff Jubie was pleased with the 1974 golf season and the team's 8-5 record. The team, with Joel Trutman as captain and Jeff Bruegger as medalist, finished third in conference. Improvement in several players during the '74 season promised an even better performance for the '75 spring season.

BASEBALL

The 1974 Cardinal Baseball Team brought home the conference trophy to top off their winning season. With a season record of 14-2, Brodhead did well in the tournament until stopped by the Oregon nine. Led by Co-captains Selchert and Lederman, the team's pitching and hitting seemed to be an almost unbeatable combination, and no doubt, many future college teams will benefit from their talent.

WRESTLING

Although this year's wrestling team started off slowly, their only losses came early in the season, and by the end of it, they were hard to be stopped, placing second to Belleville in the conference tournament by a mere four-point deficit. Brodhead also boasts three conference champs in Mark Hahn, Rick Meyers, and Mike Meichtry, and the rest of the team is sure to do well in the future.

GIRL'S VOLLEYBALL

Coach Patricia Yeager began her first year as girl's sports coach with a bang as she brought the volleyball team to their best season to date. The girls suffered only one conference loss to Monticello, and defeated all other opponents in some pretty exciting games. To top it off, the team won the conference, won their regional competition, and made a good showing at sectionals in St. Francis.

BOY'S VOLLEYBALL

Although this year's boy's volleyball season could not be termed as fantastic, the team managed to bring home eight victories in thirteen matches, and faced two teams in regional competition. Most valuable player Wade Johnson led the team with his spiking and serving ability, while Darl Shimko won most improved player honors at the end of the season. Next year's team is sure to be good, so why not reserve time now to go and see an exciting volleyball game?

FOOTBALL

Dancing is a contact sport; football is a hitting sport.

Vince Lombardi

Attending a football game always gives one a special feeling. There is the excitement of the lights, the crowds, and the band; and most important of all — the game itself. Some people describe the action of a football player as poetry in motion (there are also those who are less complimentary), and the thrill of a touchdown will have everyone on their feet, yelling their lungs out. This year, Brodhead enjoyed a winning season, losing only two conferene games. Even Vince Lombardi would have been proud of our team's efforts.

GIRLS BASKETBALL

Plagued by injuries, this year's girl's basketball team had a mediocre season, but the experience they gained will be the backbone of future teams. Many younger players saw varsity action and impressed spectators with their talent, so it's obvious that girls' sports are no longer going to take a back seat to the males.

GIRLS BASKETBALL

BOY'S BASKETBALL

Brodhead continued to dominate the State Line League this season, and currently sports a 13-1 record in conference play, and a first-place standing. Tournament play will be interesting as Brodhead has moved up with Class B schools, and next year will possibly join the Central Suburban Conference. Whatever the WIAA has in store for us, it's certain that "our team will shine" again.

CHEERLEADERS

Once most little girls attend their first athletic event and see the cheerleaders, their dream for the future is often to become a cheerleader one day. Although these little girls don't realize the work that goes into the art of leading cheers, the girls that do realize this dream will tell you it's not all glory! There are the after-school practices, the making of catchy posters, and the choreography of routines that go along with all sports from August to June. In a way, a cheerleader is like a poet — facing the same difficulties, and hoping for a result that will please a lot of people.
